Dr. Seuss was born in 1921 in New York City, to a Swiss father and an American mother. He was named Theodor Geisel, and his first name, Dr., was a pseudonym he used as a schoolteacher. Theodor Geisel's first book, *The Cat in the Hat* (1957), was published in 1957. In that book, he introduced his signature character, the green, yellow, and red cat with a blue background, who becomes the center of the story. The book was an instant success, and it has been translated into over 30 languages. Seuss's other books, such as *Green Eggs and Ham* (1960) and *One Fish Two Fish Red Fish Blue Fish* (1960), have also been successful, selling millions of copies worldwide. Seuss was known for his playful and inventive use of words, and his books are often praised for their ability to teach children about various topics in a fun and engaging way.

message more accessible to the reader. The author's purpose is to
make the reader think about the meaning of the characters' actions
and decisions. This allows the reader to become more involved in
the story and to connect with the characters on a deeper level.

The value of this approach is that it helps the reader to
better understand the themes and messages of the text. It also
encourages critical thinking and creativity on the part of the
reader. This is an important skill in today's world, where
people must be able to think independently and make decisions
based on evidence and reasoning.
